

Active Squalane Liposome

Catalog: Lipo-233C

PRODUCT INFORMATION

Name Active Squalane Liposome

Cat No. Lipo-233C

Product Overview This formulation contains liposomes made of phospholipids from soy lecithin and Squalane. The liposomal delivery system protects the active ingredient making it reach the target cells more efficiently. Squalane acts as a lubricating skin conditioning agent, which gives the skin a soft, smooth appearance, as well as hair conditioning agents. Product designed to be used in cosmetic formulation in the range of 5 to 10 % respect to the final product.

Active Ingredients Squalane

Form Viscous Nano Concentrates

Concentration 20%

Storage Protected from light at room temperature.
