

Phosphatidylcholine,PC (liver,bovine or porcine)

Catalog: Lipo-480

PRODUCT INFORMATION

Name Phosphatidylcholine,PC (liver,bovine or porcine)

Cat No. Lipo-480

CAS 475662-36-3

Product Overview

Phosphatidylcholines (PC) are a class of phospholipids that incorporate choline as a headgroup. They are a major component of biological membranes and can be easily obtained from a variety of readily available sources, such as egg yolk or soybeans, from which they are mechanically or chemically extracted using hexane.

Purity >98%

Application Liposome production; Natural Lipid

Synonyms PC (liver, bovine or porcine); L- α -phosphatidylcholine (liver, bovine)
